Mr. Kirby Page,
347 Madison Avenue,
New York City, N.Y.

My dear Mr. Page:

Enclosed is Kirby's report card showing his grades for the past four weeks. As we near the close of the school year Kirby is finding some of his work more or less difficult. He will finish the work satisfactorily in English, Latin and geometry, but he may lack part of the years work in Spanish. We will do the best we can to complete as much of that course as possible. I feel that Kirby is making a consistent effort to do his work and I do not see anything in the results to worry about.

Kirby seems quite well and is in his usual good spirits.

Please sign and return the card as before.

With kind regards from all of us.

Very cordially yours,

Geo. A. Harper

Darling:

We had a nice week-end at Suffolk, mother went up with me. It was raining most of the way up there and dusty when we got there. However it did rain some Sunday evening and helped some. Goodness knows they needed it. Your mother is working hard and seems to be feeling fine. She just loves this time of year when things are growing. She has growing things and baby chicks and such and loves it all. She gets from ten to thirteen dozen eggs a day now but only gets eight cents a dozen. However the man comes after them. Susie had a splendid time and

to the weekly proposition,
 you never have told me
 what the price would be.

Heaps and heaps and
 heaps more love, then
 heaps more.

Even your own
 arms.

enjoyed it all, rain and everything.

Johnnie tells me that Norris' attack on you is probably directed as much against Baylor as it is against you because he is always fighting Baylor. Chances are that Baylor would rather have someone Norris disapproves of.

Susie and I are going to Hempstead tomorrow to spend one night at Uncle Will's place. I shall go to Suffolk again next Friday (29th) for the last time until I return. Have to have the car gone over next week before leaving here on the 9th of May. Glad you are having such good responses

April 26, 1932

Dearest Moms,

I'm sorry I can't give
you the exact date when
I can leave school, but
I don't know on what days
I have my exams.

Probably I can't get out
till Fri. the 24th. What

should I do? Ship my
trunk to Blue Ridge? If
I do that I'll probably have
to send a package to Segue
City - maybe not.

I'm sending you a couple of pictures,
how are they? I like the one
sitting down best. My beautiful

little kitchen doesn't show so much.
Say! do you know I weighed
154 last summer and 120 this Easter.
Well - I started watching my
food and cut down on potatoes and
lost four pounds in two weeks.
Now I don't look quite so bad.

We took a trip down to
the news building yesterday.
Round trip two dollars by bus.
Stopped in at the office but
Ed wasn't there - he ~~was~~ ^{is} in
Boston till Fri. as you may know, but I
wasn't informed!

You said in one letter
that you might be interested in
the social events up here.
Well - I'm going with the
same boy I went with about
Thanksgiving, but there was a
break around Christmas

But were back together now.
I'd send his picture, but I
have a limited supply -- any
way its the opinion of every
one around here that he's very
good looking and getting better.
He reminds me of K in build,
not so big ^{most people} - but very
athletic. He's captain of next
year's football team. He's
a swell fellow if you ask me
and try! you should ask some
of the other girls - He
takes wonderful care of his
clothes and believe me that
counts -- And
listen to this - he, and
another guy Ken Callisto, may
come to see me this summer.
They're getting a car and going
out to see my roommate at

Ann Arbor, and may come
down to Blue Ridge. No
objections from the peanut
gallery please - - - for

I might say
I should be at
Ann Arbor

Don't mind I hope - of
course not, I knew it. And

just wait and see if I don't
pick good boyfriends -

I went with Ken when I
was broken with fash. ...
He's not so much good looking
as "cute" - Anyway there's
both swell kids, and I know
K would like them. - So

his roommate coming to B.R.
too? More fun - !!!

Loads of love and excitement.

Sunshine

Good luck on
the trip - Give
my love to the
lucky bruns.

Daddy mine:

This is to inform you of a sudden change of plans - Dr. Hilton has been taking some more work under his old Professor, who is in Houston for a while and he had me go to this man for an examination yesterday and they both decided I needed to go to Oklahoma city for some special treatment by a man there. It will take two weeks. Therefore, Susie and I leave Friday morning. We will then go on from there to get the boy. This will put me about three days late in reaching Tucson but I don't imagine it will worry

two new tires. Hope there is enough balance to cover it. Also that there will be sufficient to cover that other check. Then I will need more expense money to go to Tucson. at least I think so. I'll do the very best I can and try to get to Tucson before I cash another expense check.

I am writing the boy and explaining that I will be a few days later in arriving. Don't know if he is going to be disappointed or relieved at not going on a big trip since his pal is not going. We will be glad to get to the farm and have a good time with the new calf and various other animals.

I love you lots and wonder if you miss being petted as much as

I do. Ever your very own

Also it will that instead of going on with Trip we will return to Houston and Hilton will give me treatments and finish things for me as there is no one near Asheville at all who can go on with the rest of the treatments. They both assure me that this will clear up some old trouble and make me strong again and also prevent more complications. The cost of these treatments in Oklahoma City will be \$150.00. Hilton is working on a no cure no pay basis and if he really does a lot we can pay him later. Today I drew a check for \$50. for expenses and

Daddy Darling:-

Well, This is a lot of letters for me to write in one week, but I forgot some things yesterday and have thought of more since then. First is this. I will be back by June first and get to see you at Waco. Do you go to Supkin before or after Waco?

Next, for the "Luvva Mike" please send some blank checks to Oklahoma City in case I need them. I only have one left.

Susie is all excited over this trip because she will get to see

cousin, and the more I think of
the possibilities of it the more
enthused I get. This should do
me more good than what Hilton
has done already by relieving
and removing some of the prime

I am all enthused over thinking
I'll get to see you before July.

May 2, 1932.

Dearest Mary:

You will be excited over the two letters from Mother which I enclose. It is simply marvellous that she is coming along so well and we are all hopeful that the trip to Oklahoma will turn the trick.

It is too bad that their California trip will have to be postponed but if we carry out the plan of our going out there for Christmas it will not be so bad.

What do you think of the idea of having Christmas together at Tucson and then going on to California? I am not sure whether Mother will plan to come to Blue Ridge sooner than we had originally counted upon or whether she will stay in Houston for a longer period of treatments by Dr. Hilton. We will probably know more about that shortly.

May 2, 1932.

Dearest Alma:

That is grand, good news that you send and I am tremendously excited about your visit to Oklahoma City. If that doctor really can finish up the treatments so well started by Dr. Hilton and can do what all of you are expecting him to do, it will be simply marvellous. I think you are right in sidetracking everything else in order to see this through. This is the best news I have had in ages.

I can hardly realize that I will see you so soon. I had reluctantly gotten myself reconciled to being without you until July 10 at Blue Ridge. My schedule is as follows:

May 3 - Elmira-Ithaca
4 - Auburn
5 - Springfield
6 - Worcester
10 - Wesleyan
12 - Philadelphia
13 - Indianapolis
14 - "
15 - New York
16 - Rochester
17 - Buffalo
18 - Cleveland
19 - Detroit
20 - Dayton
21 - Cincinnati
22 - Yellow Springs, O.
23 - Columbus
24 - St. Louis
25 - Kansas City
26 - Travel
27 - Lufkin
28 - "
29 - "
30 - Huntsville and Houston
31 - Waco

If you can get back before I leave Lufkin we can drive to Huntsville and Waco together. If not, I will at least get a glimpse of you before I leave the State. I can hardly

wait for the next three and a half weeks to go by.
What a grand time we shall have together.

I suppose the boy will be somewhat disappointed about not getting to make the California trip but you never can tell how he will react. Under the circumstances I suppose you will be going to Blue Ridge in June rather than wait until the end of the first week in July as we had previous planned. This probably means that it will be wiser to have Mary go down to Blue Ridge as soon as her school is out. I got through at Union on July 9 and will arrive at Blue Ridge on the morning of the 10th.

If we carry out the plan about which I wrote you last week of our going to Tucson for Christmas, Mary can see the grandmothers on the way out instead of in June as we had planned. I should think you would want to get to Blue Ridge as early as possible in order to take advantage of the flowers. Of course it may be necessary for you to stay in Houston for further treatments by Dr. Hilton. In that event I wonder what you think about having Mary come down or whether it would be better to save the money and combine her visit to Texas with our trip to California.

In case you did not get my letter before you left, I had better repeat what I said. It now seems likely that I will go to Asilomar for the student conference which begins the day after Christmas. If I go to the Coast at all I possibly can make enough honorariums from speaking engagements to take care of your traveling expenses and also Mary's. I hate to be separated at Christmas and since Mary has never been to Arizona and California it would be a grand experience for her. She could then return to Oakwood a few days late after the holidays. You could come back with her or continue the Pacific tour with me, whichever you prefer. We can talk about that later. If we carry out this project then I am inclined to think we had better save the traveling expenses that would be involved in having Mary come to Texas in June.

Do hurry up and get well and then we shall paint the old world red.

Dear Mother:

I have had grand good news from Alma. She has doubtless told you about her proposed trip to Oklahoma City. I am all excited over the possibility of having her recover her strength. This is a far wiser proposal than to go on to California if there is a chance that she can get substantial help by going to Oklahoma. This means also that we will get to see each other when I come South at the end of the month. What a grand time we shall have together. Nothing that I can think of would give me more joy than to see Alma fully recover her health. It would make an immense difference in every possible way.

I can hardly wait until I see you.

Dearest Dad,

That's --- now what did I
start to say? ~~where~~ Well
I have an excuse my roommate

I'll never get this written at

a baseball game in a few minutes.

So long -

Well - back from the game
now. We won (of course) 15-2.
not so bad. We played
Mahunk - that's about our worst
rival in football, though we've
beat them in that too. So
far we've played three games

in baseball and won all of them.

Not so bad -

We're giving our Sophomore
Play this Saturday. Of
course we don't know it.
We thought it was for the
week after. I'm writing

this during play practice.

How do you like the
pictures. ~~The~~ one sitting
down is the best.

Before I forget - You'd
better write to Mr. Pagan
and tell him about my
going to Tex. straight from
here. I think it

would be best if you
wrote him.

What should

I do about the ticket.
ask the office to get it
or what? I probably
won't be able to get out
until ~~the~~ Fri - maybe
Thur. but I doubt it.

Give a good laugh - my
and loud - next Saturday
for the play - its a

wear evening dress in the
act. By you should
see me.

My dear Mr. Page:

May I express my appreciation to you for your letter of May 2 and your enclosed check for \$500.00. Mrs. Fairgrieve sent a statement yesterday which gave the balance of the account as \$628.82. The credit of \$500 would leave a balance of \$128.82.

Kirby is fine. Do you know he has gained 20 pounds during the year?

Date	Sept.29	Oct.27.	Nov.24	Dec.21	Jan.26	Mar.1.	Apr.26	Gain
Weight	107	110	114	119	120	123	127	20

I believe Kirby is planning to stay at the school a few days or a week until Mrs. Page arrives.

We all are busy here getting ready for examinations.

Dear Home Folks,

Oh for a cool breeze! It seems hotter this year than ever before, but I suppose that is due to the fact that for two wonderful springs we were at home and had forgotten how hot India could be in April. It is about 103 in the shade every afternoon. These days we have school from 7-50 a.m. till noon in order to avoid the heat of the day. In two weeks we shall get away for a vacation on the hills. School reopens in June 15th. The rains will start about then and the shimmering earth will soon cool off.

The nights are refreshing however because we sleep on the flat roof of our house to which we climb by a 17 ft. ladder. You should have seen us scrambling down that ladder a few nights ago at 3 a.m. A sudden shower came up. We rushed for the ladder and tumbled down armfuls of bedding and mattresses and mosquito nets, but by the time we got down ourselves we were drenched to the skin and the rain was nearly over. But we stifled indoors the rest of the night.

You may be surprised to know that we have neither ice box nor refrigerator, and although food will not keep over a day, we have deliciously cool drinking water by keeping it in porous earthenware bottles shaped like this. Evaporation from the moist outer surface keeps the water quite refreshingly cool for the air is very dry now and evaporation is very rapid.

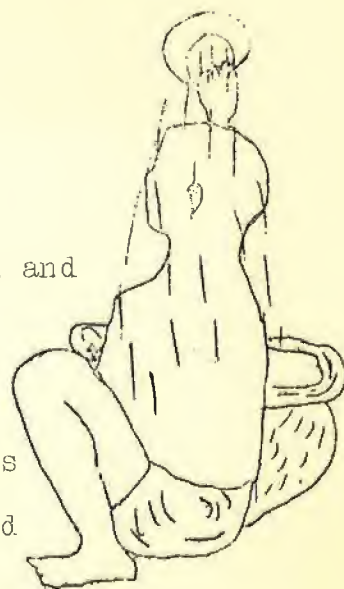

After a sweltering day a cool shower in the Indian style makes life worth living again. The water kept in large earthenware pots is cool enough to bring you back to life in a hurry. Here is an Indian boy taking a bath on the roadside.

Never till recently did I see one of those holy men on a bed of spikes that you have heard of so often. He was naked but for a loincloth and so thin and gaunt that his bones almost stuck through his skin that was scarred and toughened. He was thickly smeared with ashes and his hair was filthy and matted. He lay in an attitude of torture while his disciple gathered the offerings from people who came for his blessing. Another man similarly covered had numberless hooks stuck into his skin with a lemon dangling from each. This is what India calls holiness! If only they knew our Christ who suffered that we might have life, abundant and joyful.

Thanks to your faithful sacrifices our boys, instead of following an ash covered naked fakir, are discovering a very wonderful Saviour, The risen Christ. He is depending on you and so are we.

Sincerely,

George Elsie Garden

Dearest Alma:

Captain Fairgrieve writes that Kirby, Jr., has gained twenty pounds in weight and now stands at 127. This is grand news. You will not recognize him when you see him. The transformation in his health is really amazing. I can hardly wait until we all get together at Blue Ridge.

The World Tomorrow has decided definitely to go ahead with the weekly in September. Brailsford has agreed to do an article a week for us which is a scoop. I am more and more enthusiastic about the whole proposition and want to talk it over with you when we get together.

I assume that you agree that it will be better for Mary to go direct to Blue Ridge as soon as her school is out and that you and Kirby will be there awaiting her when she arrives. I will get her to tell you the exact day and will make arrangements with Gene to see that she gets the right train. I will have to be in New York at Union Summer School until July 9 and plan to arrive on the morning of the 10th. It now seems likely that I shall want to stay as late in September as possible. The boy will have to leave a little early but Mary probably can appear at Oakwood a few days late.

I love you dearly!

Captain Fairgrieve tells me that you now tip the scales at 127. That is the best news we have had for a long time. Twenty pounds gain in one year is really amazing and we are delighted beyond words that you have had such a good year.

Mother will be with you soon and I know you will have a grand time driving back to Texas. I have a thousand things I want to do when we get to Blue Ridge. I can hardly wait for the time to come.

I think I sent you one of the folders telling about The World Tomorrow's new project. In September we are going to begin publishing every week instead of once a month. I want to tell you all about it when we are together.

We are still counting on having Mother and Mary come with me to the Pacific Coast at Christmas time so that all four of us can be together either in Tucson or have you join us in Southern California. We can talk about that later.

Darling:

I have been up on my feet for three days now and the doctor told me yesterday I could start out if I went easy, so mother and I leave Oklahoma City today after lunch for the West. I'm still pretty weak on my pins, but otherwise am O.K.. The doctor warned me not to expect to be entirely well right away, but that I ought to be able to stand most anything after Blue Ridge.

You did send me a schedule of the cities you will be in, but there are no addresses, so I shall

Have to send my mail to N.Y.
to be forwarded again and thus
lose much time. There is no time
to send anything now as I shall
see you almost as soon as I
can get anything from you.

I plan to reach Tucson on
Thursday afternoon or Friday
morning and you can send
any special word care the
school.

Will telegraph you tonight
where to reach me en route, after I
see my map.

It will not be long now until I
see you and just now I feel as if
I will need an extra lot of petting.

Ever every your always

Dearest Dad,

I hope you get the,
but you can't tell,
especially when the
address is in the
condition it is. My
fountain pen is in
study hall - this
is no like you
used to use for
penmanship. Needles.

to say - I wouldn't

The biggest blisters - ③
Thanks for calling me
up yesterday. Now I'm
not in the dark as
much as to what
I was going to do this
summer. I'd just
as soon go right to
B.R. - but I don't
see how well get
the time to get out
to Calif for 5 mos.
Would we go in the
car? We'd have
just time maybe to
get out there and come
right back. Anyway
I won't bother about

rate & very high. ②
(you can see that with
the eye closed.

Now I have my
mountain fever. Not
that you would notice
any difference. But -
We went to "Slabsides"
last Sat. The home of
John Bourroughs, just
across the river. Some
of us hiked over four
miles and one mile,
from the ferry up -
was steeper than
the road to ~~the~~ our
"Slabsides" at B.R. It
was fun, but I got

that now. I'll go
to Asheville and let
mother meet me there.
I hope she's at B. R.
by that time.

Boy! the weather
here is awful! It's
so damn hot!!!!

Well good-bye -
Love
Mary.

My dear Mr. Page

The other

day a surprise package
arrived here & I am finding
the book which it contained
very interesting & valuable.
I wish that it might have
a wide reading - As I find
your autograph in the fore,

I conclude that I am indebted
to you for these helpful pages
& I thank you very much
for this gift. Correction of abuses
is so slow - My interest has
been largely in the Negroes for
many years - It is intolerable
that they are not yet accorded
the rights of citizenship in some
parts of the country & that
they encounter discrimination
almost universally - I wish
that the churches would at
least enlighten the congregations

on the subject. There is much ignorance
it seems to me. Of course there are other
injustices which should be removed -
I hope that your book will open the eyes
of some people -
Yours sincerely & gratefully,
Alice P. Venable

Dearest Dad,

I see by your schedule
that you're in Lufkin today.
I don't need to ask if you
had a good time. If I'd
known before today that it
was Father's Day, maybe
you would have gotten a
letter today. But anyway
you'll know I thought of
you.

Just think, in about
a month from now —
I'll be down there by the
thirtieth of June, won't I?

Josh, I'm getting more
and more excited, aren't you.
Lay - did I tell you that
there is the least possibility
of two DeWood boys coming
down to see me this summer?
Will you mind? It isn't
probable but may be possible.

It would be Jack and Ken.
Ken is the ~~one~~ one I went to
the party with, and Jack
I've been going with more
or less all year. Mostly
less, but I'm just back
from Social with him.
Ken goes with my
roommate. It's almost
certain that they are

going to see her at Ann Arbor
this summer for a month, and
then they may come down to
O. R. I know you'd like them,
and see if I don't pick
good looking boyfriend —!!
now after all this, I bet
they will come — anyway —
Jack has a junior license,
but is having trouble in
getting a car. He's too
young to get the car in
his name, and his father
doesn't know whether to
risk it or not, cause he'd
have to pay if they wrecked.
He may let Jack take the
old Packard of theirs. It's
a sedan though and awfully

big. Well I'm probably
getting my hopes too high.

I feel like a criminal
and awfully selfish, but
could I possibly have
about fifteen dollars? I
bought a pair of shoes,
as goodness knows where the
rest went, but I've overdrawn
about four dollars. If you
and I could save five
to take me to New York at
the end of June, I need
another pair of good shoes, but
I guess I can wait. And
what about the money to
take me to B.R. — I wish
you would write. could you spare
5 min. to write to me? I haven't had a letter
for weeks. I'm sure.
